

MAY BULLETIN BOARDS!

FLY AWAY

These cute birds will fly across the class bulletin board to reach their goal of the birdhouse. Give each child a bird cut from colored paper. As books are read, or assignments completed, the birds fly toward their goal. Each bird, or child, who reaches the birdhouse should be awarded with a special treat.

MERRY MAY MURAL

Cover a large bulletin board with blue butcher paper and divide your class into at least five groups. Give each group one phase of the mural to complete. Sky and clouds, trees, flowers, butterflies and birds, plus the title, are a few suggestions.

GROW WITH US!

Display a large potted plant made from construction paper on the classroom door or bulletin board. Children draw self-portraits on small paper plates that are decorated as flowers. Arrange the flowers on the plant as a happy way to welcome everyone to your classroom!
