

Step Up to Reading

Motivate your students to read by posting a "Step Up to Reading" on the class bulletin board.

Make copies of this footprint on colored paper. As a child completes a book either at home or at school, he or she receives a footprint to fill out. Students write in the information required and pin their footprints to the class board.

STEP UP TO READING!

Date

Title _____

Author _____

Description _____

Student Name _____

You will soon find your students eagerly reading and collecting footprints. You will also find that the footprints inspire other students to read the same books.

Watch as dozens and dozens of footprints begin to march around your room!
