

BIRD'S NEXT SNACKS

Here's a fun, springtime snack! You will need:

1/2 cup butter

1 cup sugar

1 cup light corn syrup

1 cup peanut butter

6 cups dry CheeriosTM cereal

Melt the butter and sugar in a large sauce pan or pot over medium heat. Stir constantly until it comes to a boil. Remove from the heat and add the peanut butter and cereal. Cool slightly and then let the children shape portions of the mixture into bird nests. Place the nests on cookie sheet and chill in the refrigerator. Give each student three or four jelly beans. The jelly beans can be placed in the nests to resemble eggs before eating the special treat.
