

COFFEE CAN ICE CREAM

Ice cream in the classroom is easy! You will need:

- 1 cup whipping cream
- 1 cup milk
- 1/2 cup sugar
- 1 teaspoon vanilla extract
- 1 bag rock salt
- crushed ice

Mix all the ingredients together with a hand mixer. Pour the mixture into a clean, one pound coffee can. Put the lid on tightly. Place the one pound coffee can into a 3 pound coffee can. Pour crushed ice and rock salt around the one pound can. Pack it down the best you can. Put on the lid and wrap the can in a dish towel. Have students take turns shaking the can for at least 15 minutes. Dump the ice and salt from the larger can before opening the smaller can containing the ice cream.
