

EGG FLOWER SOUP

You will need:

4 cups canned chicken broth

2 egg yolks

1 can evaporated milk

1/2 teaspoon salt

dash of pepper

Heat the chicken broth in a large saucepan over medium heat. Have the children help separate and beat the yolks together with the milk. When the broth becomes quite hot, pour a thin stream of the egg mixture into the broth as you gently stir it. Continue stirring while the soup slightly thickens. Add salt and pepper. Serve with chinese noodles during snack time.
