

## **FRUIT SALAD**

Let the students do the cutting to make this fun fruit salad! You will need the following:

6 apples

1 small can of chunk pineapple

1 bunch of seedless grapes

1/2 cup of miniature marshmallows

1/4 cup mayonnaise

1/4 cup sugar

Drain the juice from the pineapple and save it in a small bowl. Place the pineapple chunks in a larger bowl. Have the students core and cut the apples into 1/2 inch chunks and place them in the bowl.

Children can cut the grapes in half and add them, plus the marshmallows, to the mixture. Add the mayonnaise and sugar to the pineapple juice and mix well. Stir this mixture into the fruit. Serve at snack time.
