

## ***TURKEY FRUIT CUPS***

For each child, scoop out the center of a navel orange half to make an orange cup. (Cut first along the inside of the rind and then scoop out the whole fruit.) Let the children help dice the orange segments along with half an apple and banana. Place all the fruit pieces in a bowl. If desired, add chopped nuts. The children can do the mixing. Let each student fill his or her own orange cup with the diced fruit.

Stick a toothpick in the side of the fruit cup for the turkey's neck. Place a dried prune on the toothpick for his head. Stick two celery leaves in the back of the cup for feathers. Place a leaf of lettuce on a plate for the turkey fruit cup to sit. A fun, healthy treat for snack time!
