

# Songs, Poems and Fingerplays

## Music and Movement

### Weather, Weather

Weather, weather  
What will it be today?  
Will it rain?  
Will it shine?  
Will it blow?  
Or will it snow?  
Weather, weather  
What will it be today?

### Twinkle, Twinkle, Rainy Day!

Twinkle, twinkle *rainy* day  
When will the sun come out to play?  
Twinkle, twinkle *rainy* day!

*Substitute "rainy" with "windy," "snowy," and "stormy."*

### Rain, Rain Go Away

*Try this classic rhyme using a child sized umbrella. Pass the umbrella to each child around the circle. Substitute "Johnny" with the child's name.*

Rain, rain go away!  
Come again another day.  
Little Johnny wants to play,  
Rain, rain go away!

Weather Day!

It will be a rainy day,  
Rainy day, rainy day.  
It will be a rainy day,  
All day long.

*Wiggle your fingers downward each  
Time the words "rainy day" are said.*

It will be a snowy day,  
Snowy day, snowy day.  
It will be a snowy day,  
All day long.

*Hug yourself each time the words  
"snowy day" are said.*

It will be a windy day,  
Windy day, windy day.  
It will be a windy day,  
All day long.

*Gently wave your arms and blow each  
time the words "windy day" are said.*

It will be a sunny day,  
Sunny day, sunny day.  
It will be a sunny day,  
All day long.

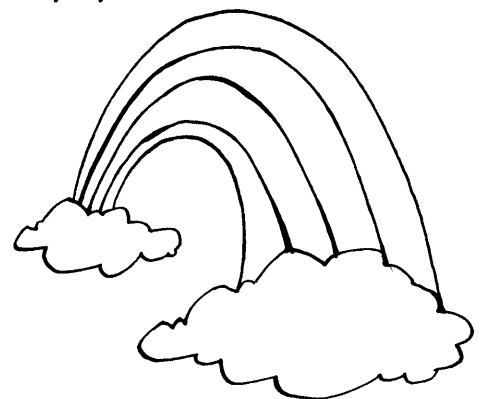

*Circle arms over head each time the  
words "sunny day" are said.*

(Older children can draw separate pictures of the rain, snow, wind and sun. Have them hold up the appropriate picture each time the words are said.)

Rainbow

*(Teacher can hold up a piece of construction paper for each  
color named.)*

I see a rainbow.  
I see a rainbow  
Seven colors in a row.  
Red, Orange, Yellow  
Green, Blue, Indigo, Violet  
Yes, I see a rainbow.

All Around The World

(Tune: The Wheels on The Bus)

The rain in the sky goes drip, drip, drip,  
Drip, drip, drip,  
Drip, drip, drip,  
The rain in the sky goes drip, drip, drip all around world.

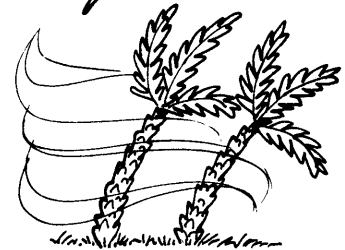

The thunder in the sky goes boom, boom, boom,  
Boom, boom, boom,  
Boom, boom, boom,  
The thunder in the sky goes boom, boom, boom all around world.

The lightning in the sky goes flash, flash, flash,  
Flash, flash, flash,  
Flash, flash, flash,  
The lightning in the sky goes flash, flash, flash all around world.

The wind in the sky goes wooo, wooo, wooo,  
Wooo, wooo, wooo,  
Woo, wooo, wooo,  
The wind in the sky goes wooo, wooo, wooo all around world.

Four Seasons

*(Use the four illustrations below to depict the seasons as you sing about them.)*

There are four seasons in each year.  
Winter brings cold weather I fear.  
Spring is warm and rain is near.  
Summer is sunny and clear.  
And Autumn means the end of the year will soon be here.  
There are four seasons in each year.
